General Assembly 2026

INTRODUCTION OMNITECH SECURITY

PRESIDENT'S ADDRESS

VINCENT DUPART
PRESIDENT OF SPAC ALLIANCE

OUR FOUNDING MISSIONS

To bring together and defend the European physical and cybersecurity ecosystem, influence policies to preserve technological sovereignty, and sustainably protect stakeholders and users through open and interoperable technologies.

A CONFIRMED VISION

- We anticipated changes in the market and in the European regulatory framework
- We created a collective dynamic to actively shape these developments
- Today, we help the market anticipate their impacts and prepare for them

OUR AMBITIONS: SPAC 2030 PLAN

1. Develop the ecosystem of suppliers and users
2. Strengthen SPAC Alliance's autonomy
3. Evolve the SSCP protocol and make it accessible to address future threats
4. Reinforce our role as expert and influencer with French and European institutions

Finalisation

Standard development within CEN TC 224 WG 17 / weekly meetings

Progress updates in SPAC Alliance working groups / monthly meetings

Benefits of the HESTIA project

**Industry
involvement in a
standardisation
project**

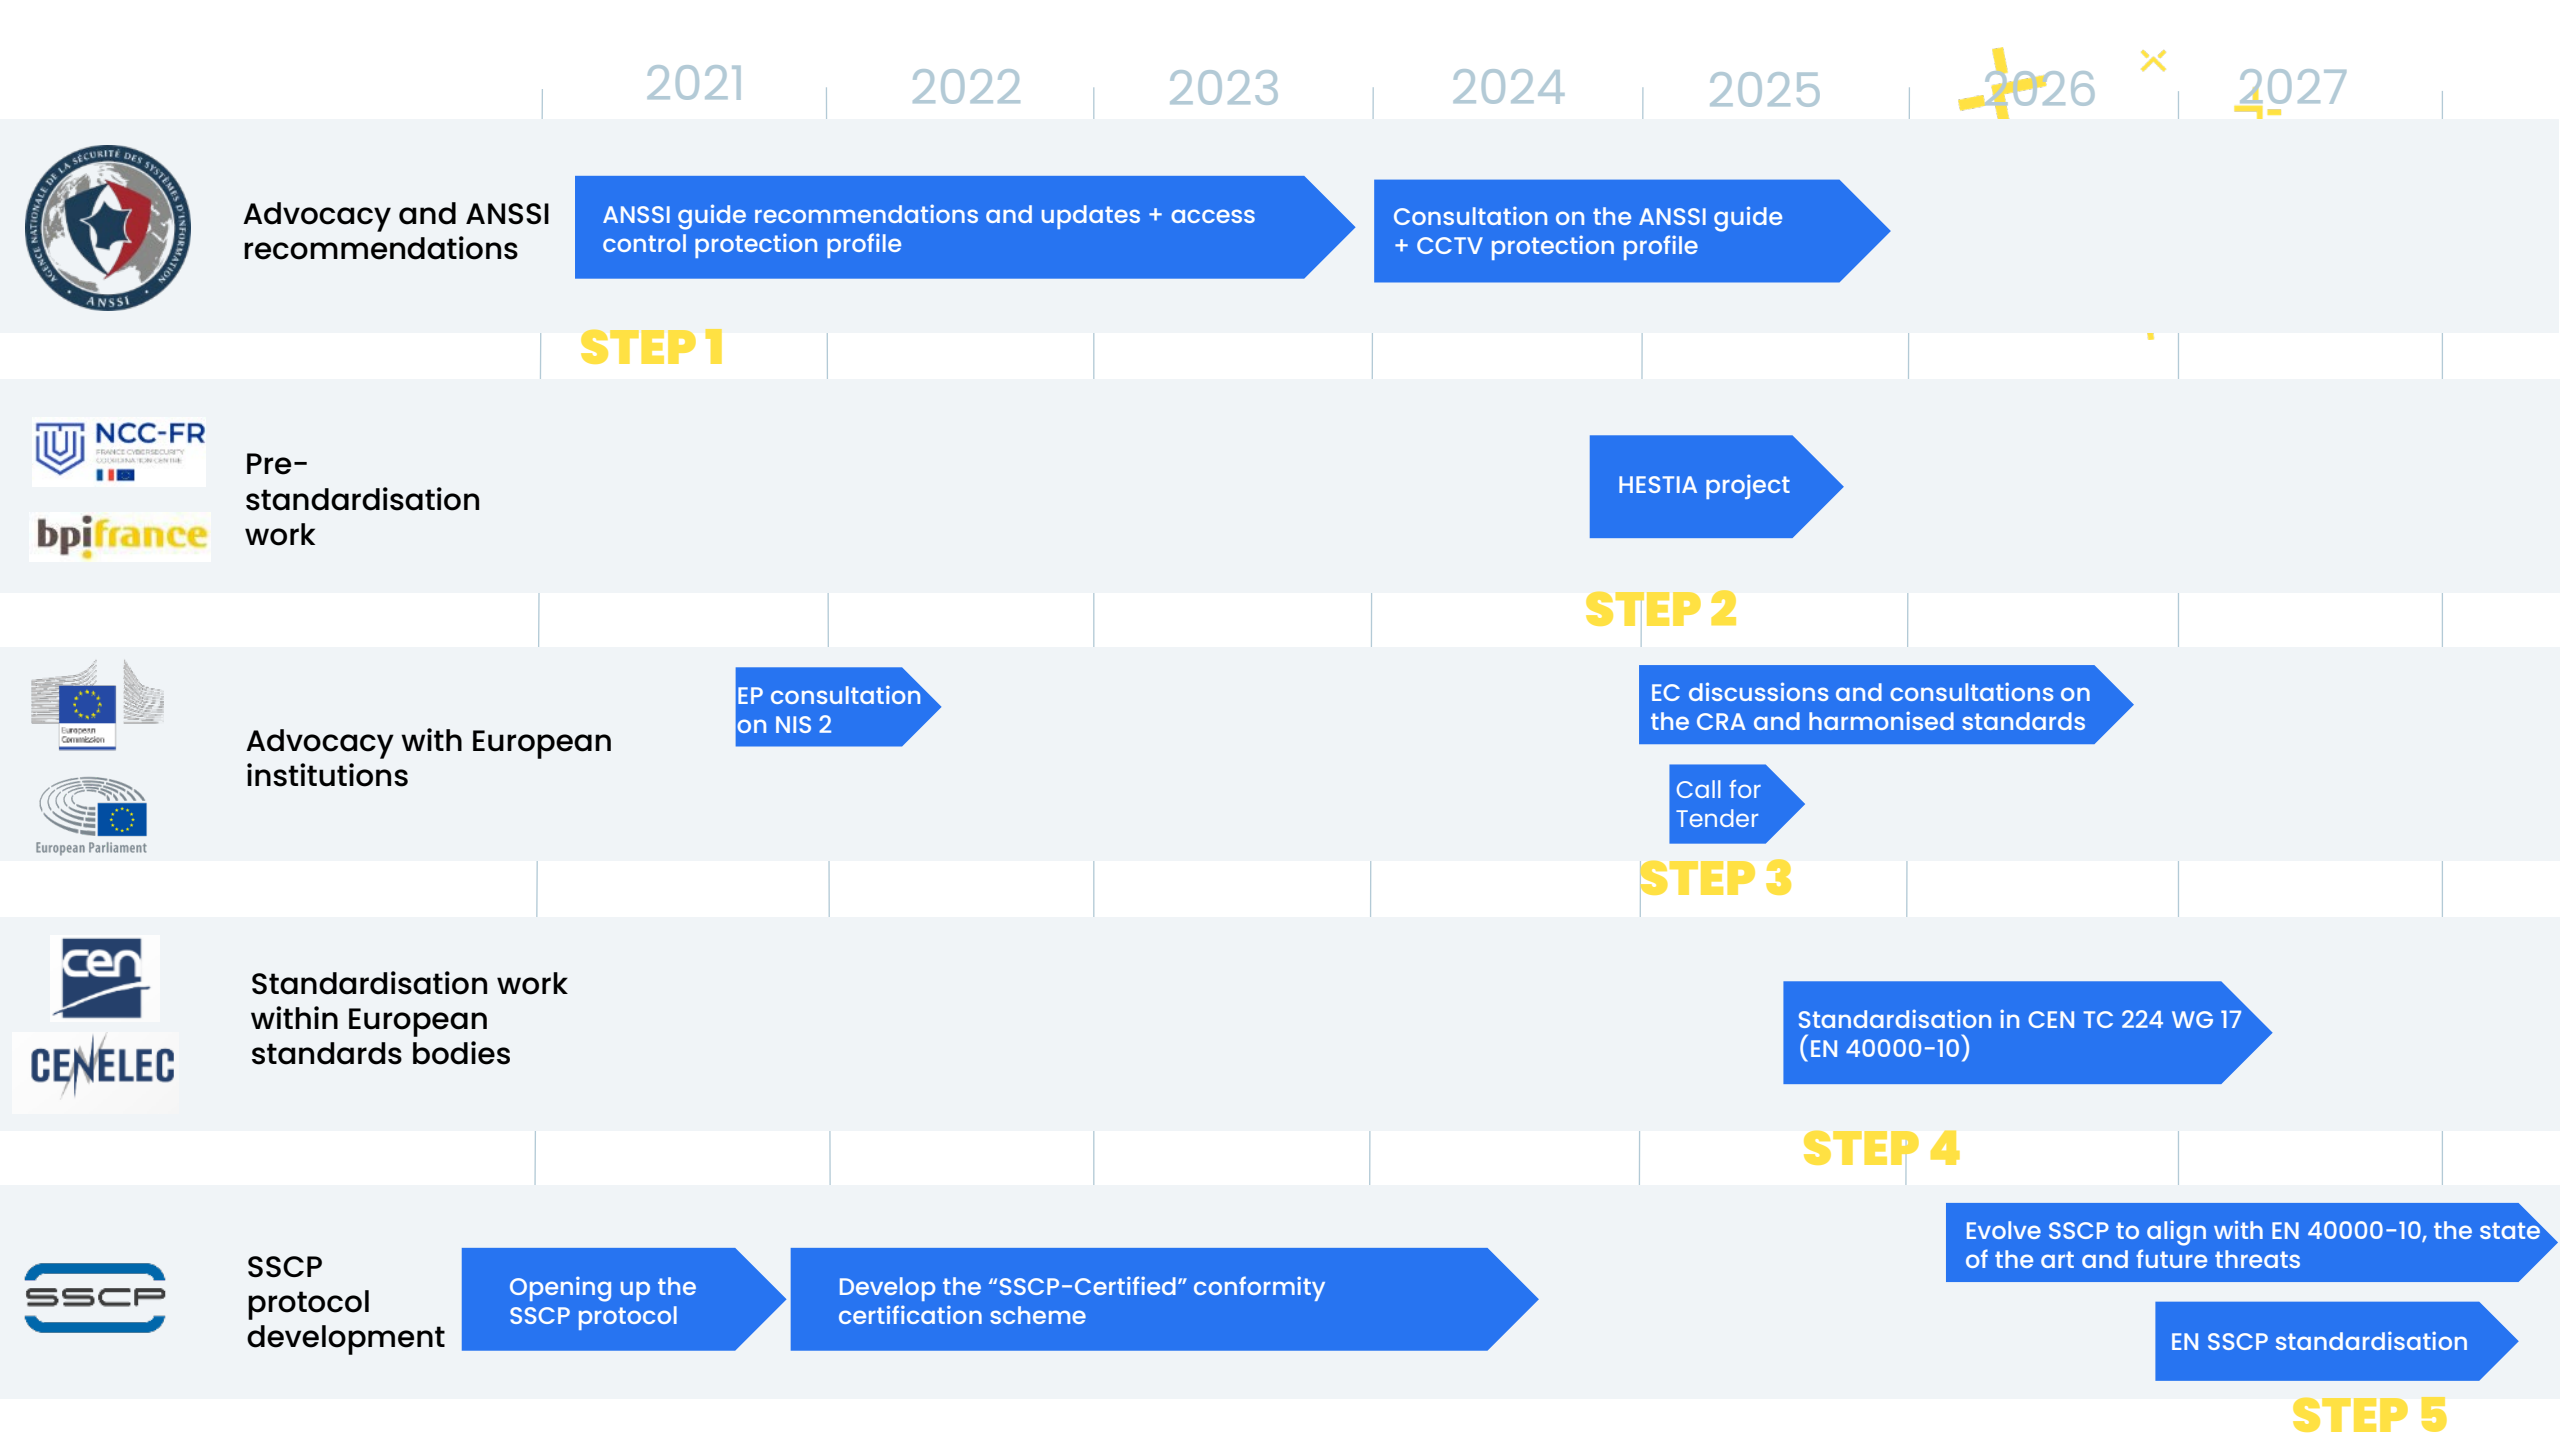

**Greater industry
expertise and
maturity in
standardisation**

**Greater industry
knowledge and
understanding of
the CRA**

**Earlier
preparation for
the work needed
to bring products
into CRA
compliance**

PLAN SPAC 2030

OUR PRIORITIES FOR Q4 2026–2027

Monitor EN 40000-10
and support CRA
compliance

Monitor NIS2
transposition and
provide support

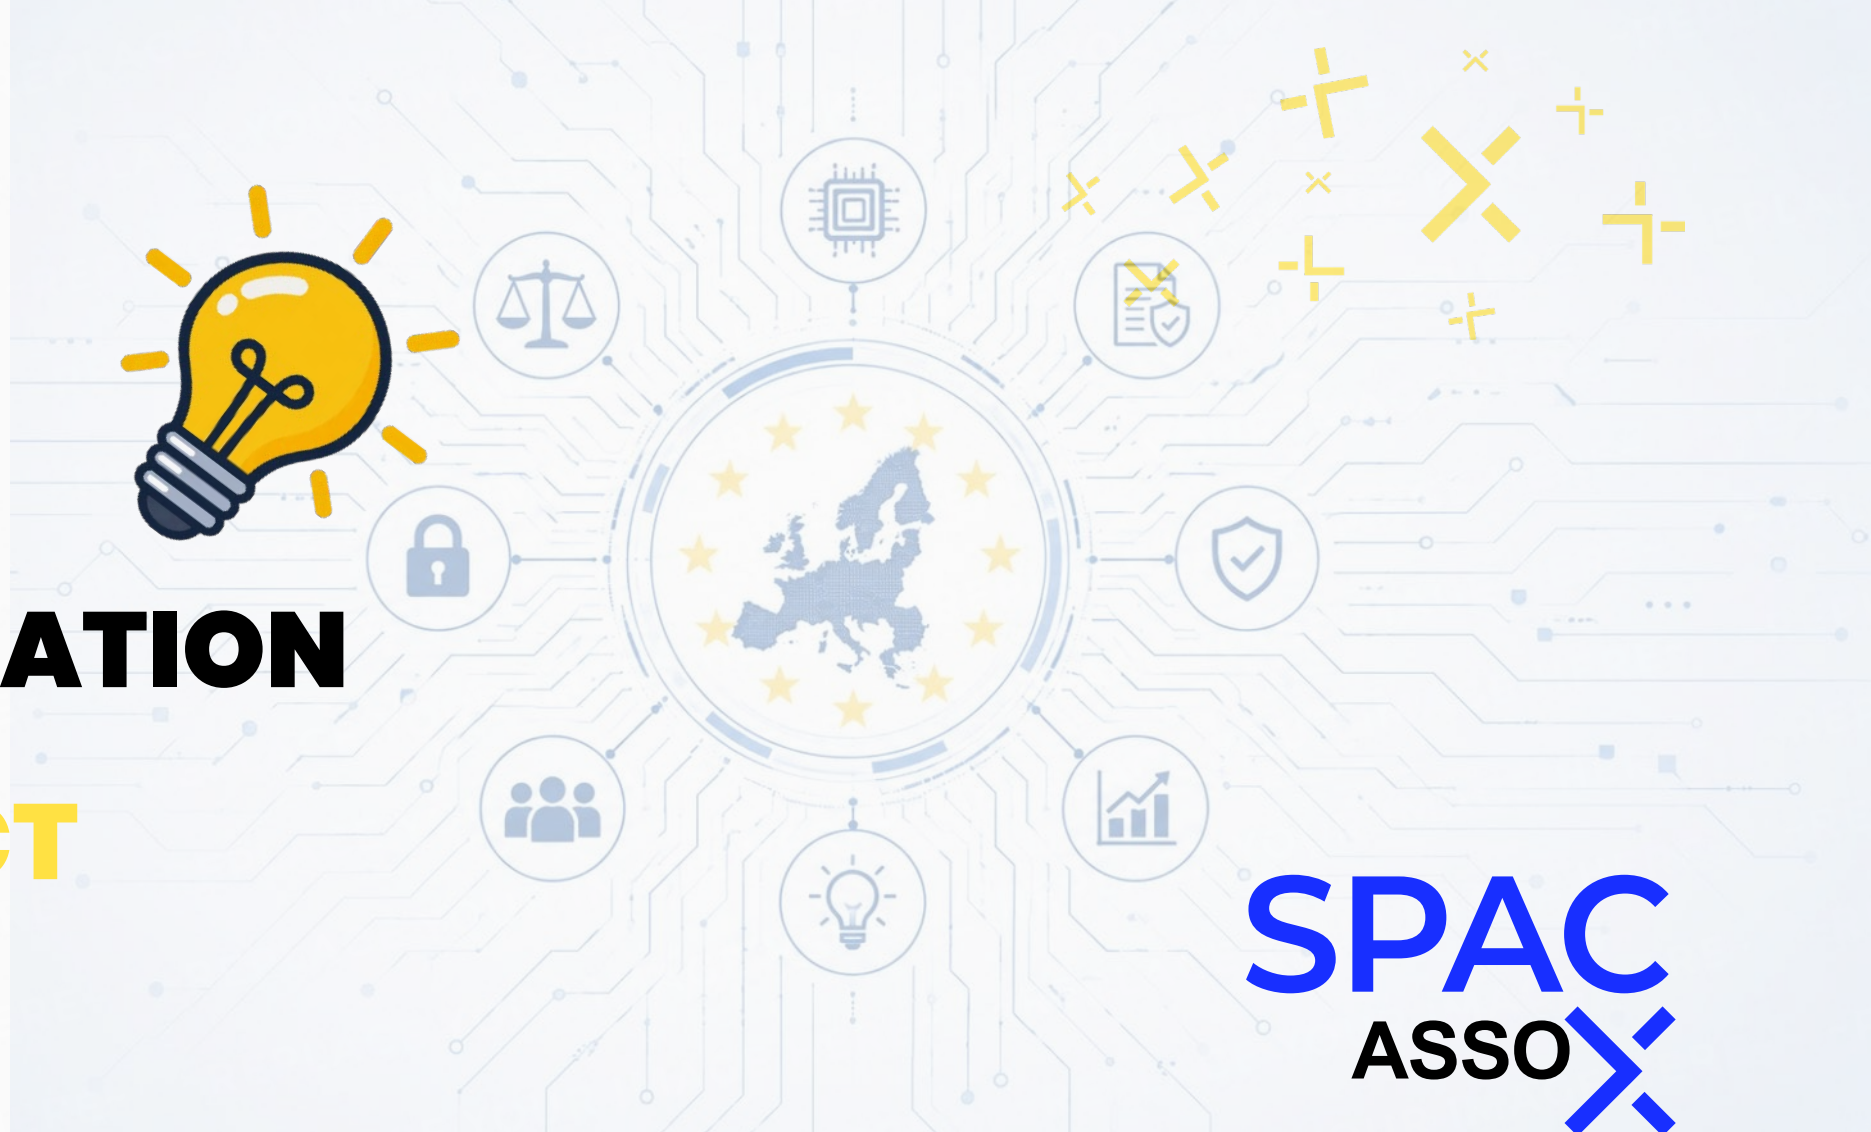

SSCP evolution

SPAC ASSOCIATION
project

SPAC **ASSOCIATION** **PROJECT**

SPAC
ASSO 

SPAC ASSO project

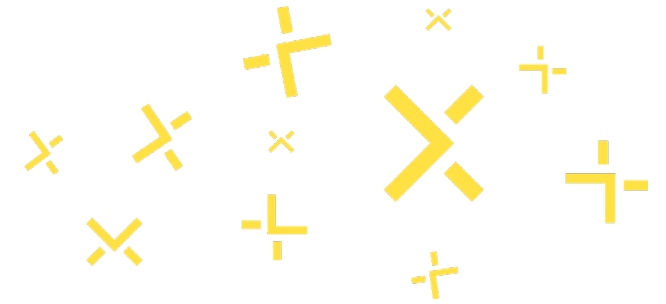

OBSERVATION

SPAC ALLIANCE ADDRESSES A WIDE RANGE OF ISSUES:

- ✓ Represent industry interests across physical security and cybersecurity
- ✓ Raise broad public awareness of threats, technologies and regulation

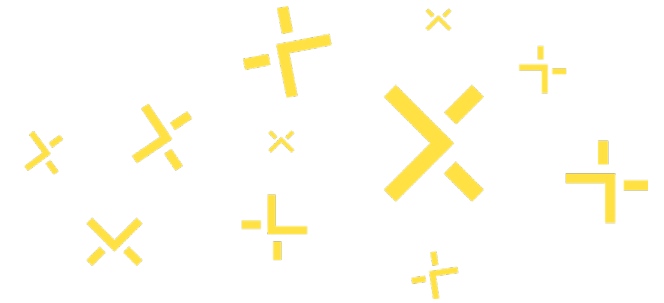

OUR PURPOSE

SPAC ASSO project

ANALYSIS

Advocacy / representation / support for the industry

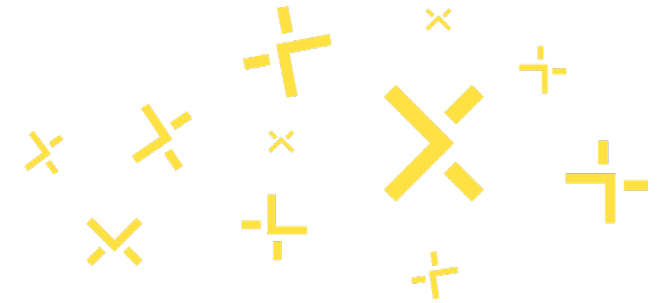

- SSCP development, standardisation and promotion
- SSCP certification
- Member support
- Service development
- Advocacy and representation with institutions
- Standardisation under European regulation

Information / education / awareness for a broad audience

- Technology and regulatory monitoring
- Education on threats, best practices and European sovereignty
- Accessible educational content on technology and regulation
- Knowledge sharing through channels with wide reach
- Conferences / panels / webinars / podcasts for a broad audience
- Events for a broad audience

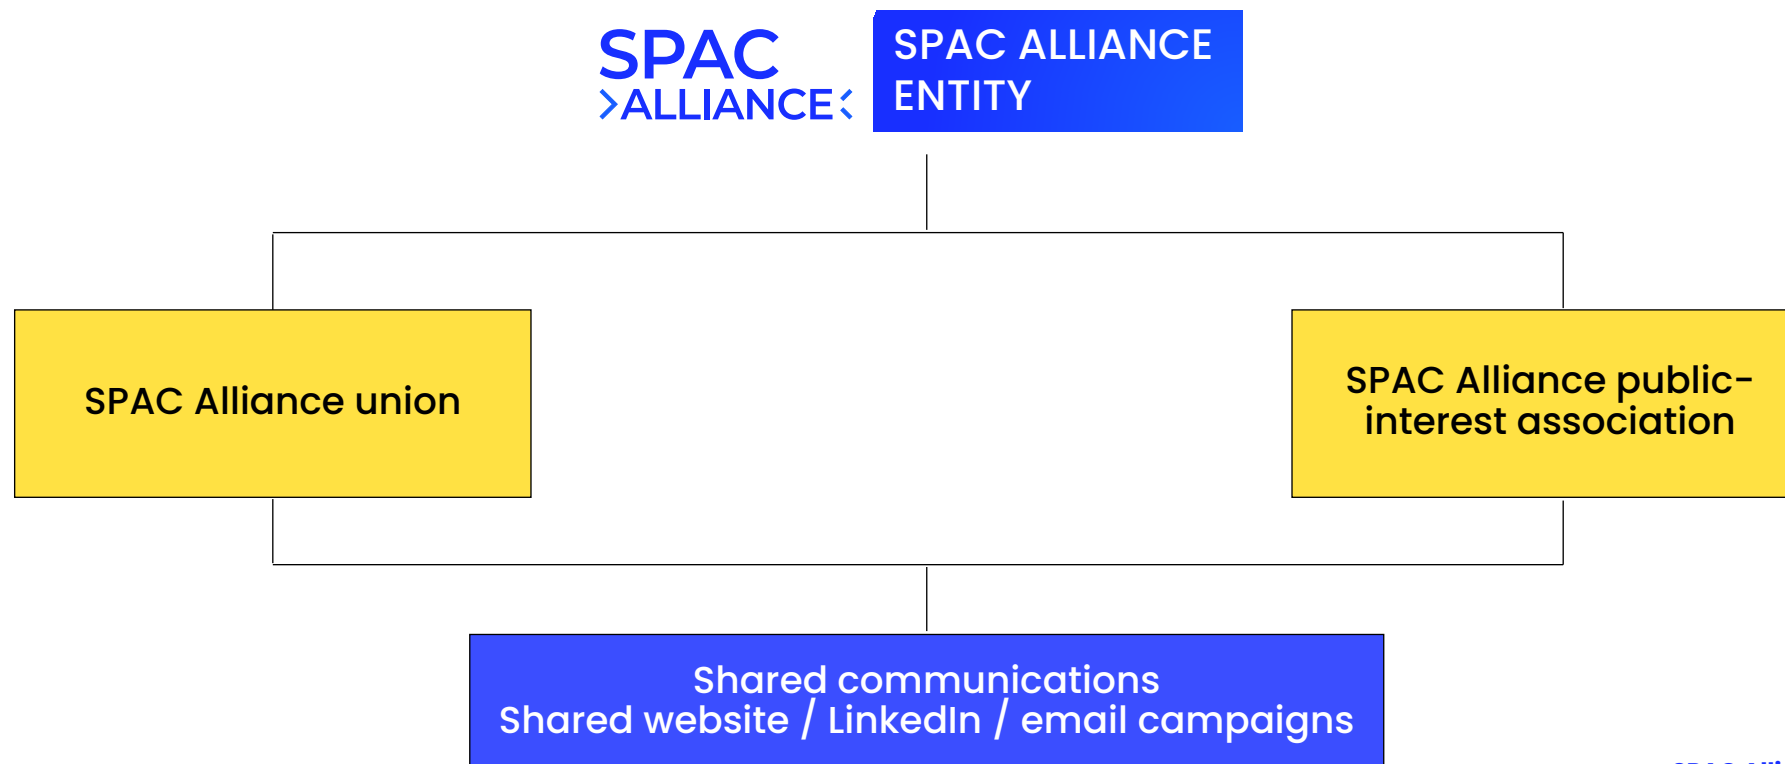

SPAC ASSO project

PROPOSAL

OBJECTIVE:

Give greater recognition to our information and awareness content

SPAC ASSO project

BENEFITS

- ✓ **Clearer understanding of our missions**
- ✓ **Greater member involvement**
- ✓ **Easier access to calls for projects**

Supports the pillars of the SPAC 2030 plan

Develop the
ecosystem of
suppliers and
users

Strengthen the
Alliance's
autonomy

CORPORATE SOCIAL RESPONSIBILITY

Progress update and
debrief from a “Proof of Concept”

Priority areas

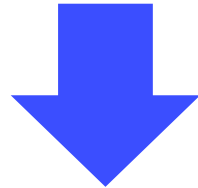

- ✓ **Co-develop a SPAC charter** so each member can champion a collective approach within their organisation and monitor regulatory obligations
- ✓ **Improve disability legislation** to better include people with reduced mobility
- ✓ **Ecodesign**: improve the end of life of our products (recycling cards, tags, components...)

Selecting a priority area

- ✓ **Ecodesign:** improve product end of life (October 2025 General Assembly)
- ✓ **Why?**
 - ✓ Act responsibly by reducing our environmental impact
 - ✓ Anticipate regulatory requirements
 - ✓ ESPR = how to design more sustainable, circular products
 - ✓ CSRD = how to publicly report sustainability impacts, risks and performance

- ✓ **Circular economy project** launched in January 2026
 - ✓ Draft the specifications
 - ✓ Identify partners
 - ✓ Kick-off with Alc  a (pilot customer) in March 2026

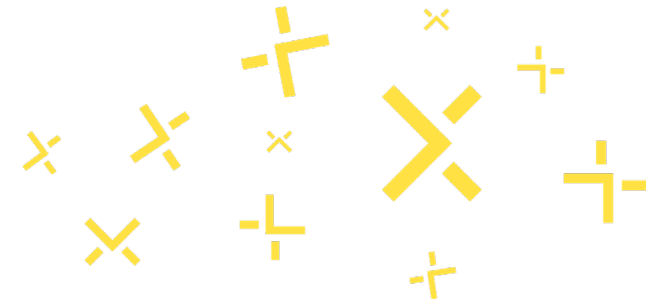

Circular Economy pilot project

Today's Stid readers become tomorrow's reader,
through the circular economy.

3 – DELIBERATIVE SESSION

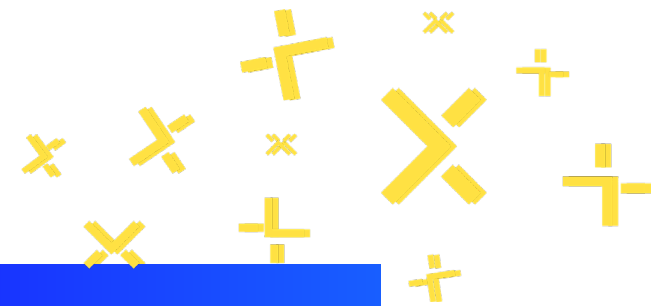

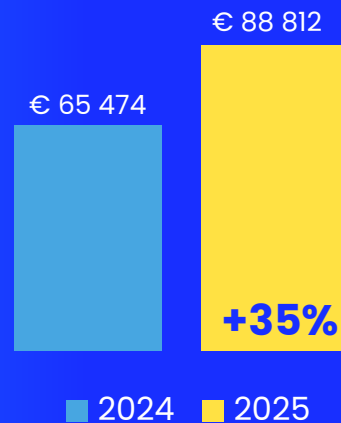

FINANCIAL

REPORT

INCOME STATEMENT

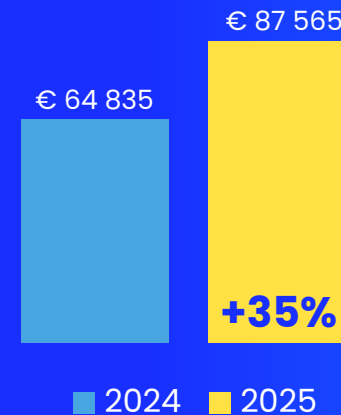

01. Change in billings from 2024 to 2025

Billings increased by more than 35% between the two financial years.

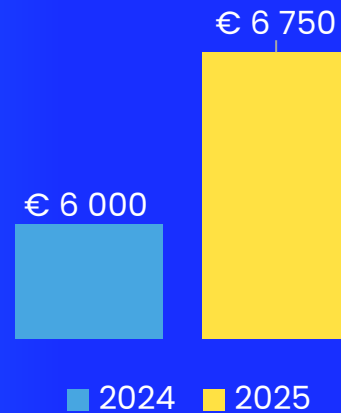

02. Change in "other purchases and external expenses"

Trade shows (45%), professional fees (33%) and travel (15%) account for over 90% of overheads.

BALANCE SHEET

01. Change in trade receivables from 2024 to 2025

ASSETS

All members have since paid the dues outstanding at 31 December 2025.

02. Change in trade payables from 2024 to 2025

EQUITY & LIABILITIES

Trade payables consist almost entirely of invoices owed to STid at 31 December 2025.

2026 FORECAST AND 2027 OUTLOOK

- Billings recorded so far in 2026 already exceed €90,000, surpassing the total for 2025.
- With an optimised overhead budget (trade shows, professional fees, travel, etc.), our Alliance should move towards break-even in 2026 while retaining sufficient cash to launch our projects and meet our 2027 objectives.
- For 2027, we hope to exceed €100,000 in billings.

VOTING ON RESOLUTIONS

Preliminary resolution

CHANGE OF REPRESENTATIVES FOR TWO BOARD MEMBERS

The General Assembly is informed of, and acknowledges, the change of legal representative of the following members:

ELSYLOG, a Board member and Vice-President of the Executive Committee, now represented by Mr Yves DUDAL in his capacity as President

CABINET LOUIS REYNAUD, a Board member, now represented by Ms Savéria ZATTARA in her capacity as Director of CLR Cert and Cyber & AI Legal Counsel

The General Assembly therefore acknowledges that the above-named individuals exercise, on behalf of these members, all rights attached to their status as Board members.

1st resolution

APPROVAL OF THE 2025 ACCOUNTS AND DISCHARGE OF THE PRESIDENT

The General Assembly approves the annual accounts for the financial year ended 31 December 2025, as presented, and the transactions reflected in those accounts.

The General Assembly therefore grants the President discharge for the performance of his duties during the past financial year.

2nd resolution

ALLOCATION OF THE RESULT FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

The General Assembly resolves to allocate the loss of €55 for the financial year ended 31 December 2025 as follows:

SOURCE:

Loss for the financial year	€55
-----------------------------	-----

ALLOCATION:

To retained earnings	€55
----------------------	-----

Reducing the balance from €1,785 to €1,730

Balance	€0
---------	----

Following this allocation, the trade association's equity will amount to €1,730.

3rd resolution

APPROVAL OF THE TREASURER'S FINANCIAL REPORT

The General Assembly resolves to approve the financial report prepared by the Treasurer and presented by the President.

4th resolution

APPROVAL OF THE BUDGET FOR THE PERIOD FROM 1 JANUARY TO 31 DECEMBER 2026

The General Assembly approves the budget presented by the President for the financial year from 1 January to 31 December 2026.

5th resolution

AUTHORITY TO COMPLETE THE FORMALITIES

The General Assembly grants full authority to the bearer of an original or a copy of these minutes to complete all resulting formalities, including the required filings and publication formalities.

**A big thank
you to
everyone!**
